

INFINITY SONGS

A surreal landscape featuring a glowing infinity symbol in the sky. The symbol is composed of two interlocking loops, one glowing with warm orange and yellow light, and the other with cool blue and purple light. The background is a dark, starry night sky with a galaxy visible in the upper right. Below the sky, a vibrant, multi-colored horizon (green, yellow, orange) meets a body of water with green and blue waves. In the foreground, there are silhouettes of trees and plants, and a small figure of a person standing on a cliff edge looking out at the sea.

Snow by day, snow by night (2022)

Snow by day, snow by night.
Forever will be at your side.

Let it snow, let worlds collide.
We will be at each other's side.

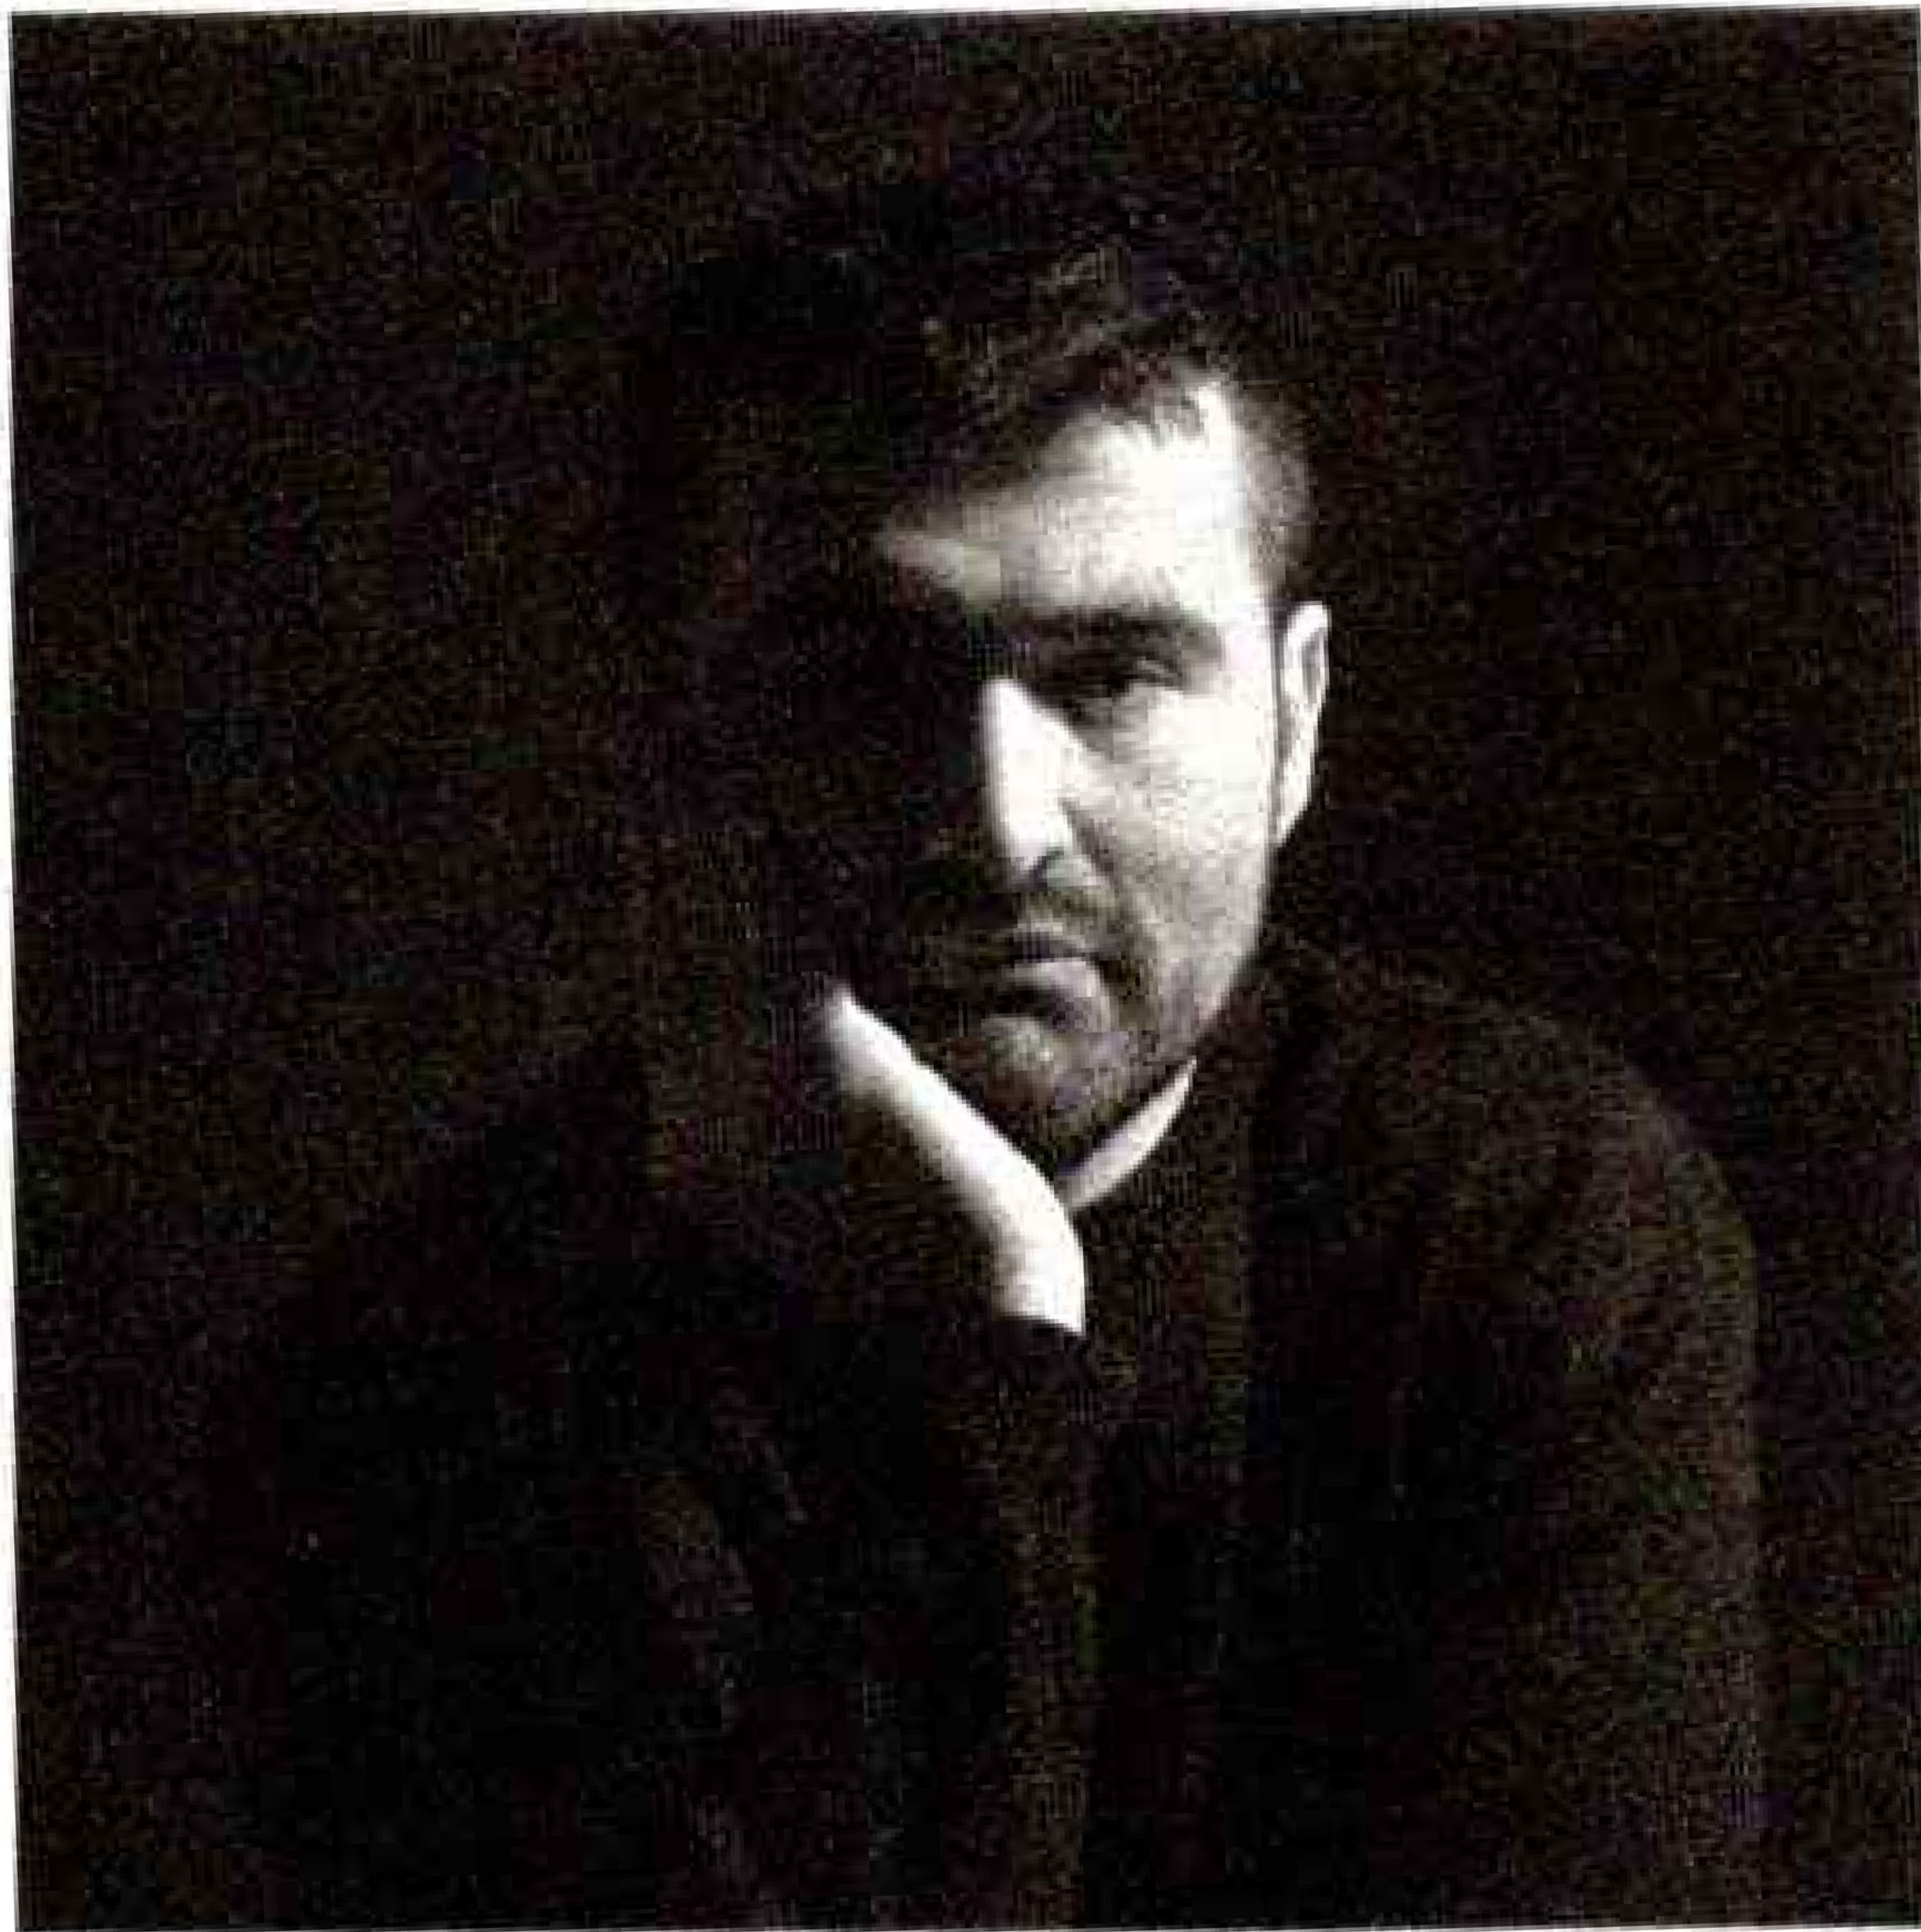

Look up, into grey speckled sky.
Ride, ride, ride, before all is white.

Hide, before snow covers roads.
All valleys, hills, and countryside.

White covered gentle silk, soul alike.
Frost will come in all shapes and size.

You've grown taller in my very eyes,
Hand in hand, sparkly heart to heart.

Won't make one grow any more smart.
Blindfolded, throw a heart-shaped dart.

An empath that struggled with himself, trying to find balance and writing helped clear his mind. Aside from work, enjoys creating steel handmade artwork, designing 3D models for prints or CNC, loves to read imagination captivating content, also a gamer and hobby writer.

INFINITY SONGS

Karlo Babić

Even if worlds collide or we simply fall asleep at night.

Growing love is like an ocean, tides come and go, keep the flow.

It's a force that we can't control, and it only continues to grow.

At first, it might not show, until fully embraced curtains will roll.
